

## COVID-19 coronavirus response

**The City of Leoti encourages utility bill account holders to have a payment plan in place by June 1, 2020 in order to avoid possible service disconnection.**

Kansas Governor Laura Kelly signed executive order 20-05, suspending disconnection of utilities; that order was later extended through May 31, 2020. As Kansas begins a phase to re-open, the City of Leoti would like to remind customers that city utility bills are due on normal schedules beginning June 1, 2020.
